

OFFSHORE SURVEY PERSONNEL

We are specialists in innovative sonar services to visualise and measure aspects of the sub-sea environment. Our systems are utilised worldwide for bathymetric survey, pipeline inspection, and many other specialised, client-specific requirements.

As part of its continued growth, SRD is seeking to recruit experienced or graduate personnel to support its offshore operations. Applications are encouraged from individuals with an offshore survey background. Candidates with related experience or a science, earth science, mathematical/computing qualification will also be considered.

Please send CV and covering letter to: Steve Sansom -

SRD, Annie Reed Road, Grovehill Industrial Estate, Beverley, HU17 0LF,
